

Your journey itinerary

Feel free to explore our stations in the order you prefer. Make sure to show your map at each station to have it validated before the presentation begins at 5:45 PM. Submit it to win Safer Seward merch!

STATION 1

Background & Overview

Discover what the project is about, what has already happened, and where we are in the process.

STATION 2

Draft Environmental Assessment (EA) Document

Explore the printed Draft EA. Want to explore more at home? The entire document is on our website at safersewardhighway.com and at the Anchorage and Girdwood Libraries. The Draft EA is limited to only 75 pages, so make sure you peek at the Appendices for all the details.

STATION 3

Alternatives – Proposed Action and No Action

The Draft EA analyzes the environmental consequences of the Proposed Action (constructing a four-lane, divided highway with a multi-use pathway) and the No Action Alternative, addressing impacts on physical, biological, and human environments. Take a look at the large roll plot to see the entire corridor visually.

STATION 4

Projected Impacts

Delve into the technical work we undertook over the past two years to develop this environmental assessment, the potential impacts, and ideas for mitigation.

STATION 5

Next Steps

Read all about the next steps in this project. It's going to be a long one! With phased projects over 20 years, there will be more opportunities to share your feedback along the way.

STATION 6

Comment

This project won't be a success without your thoughts! We want to know what you like, what you don't like, and examples to support the feedback. The comment period is open now through February 12, 2026!

STATION 7

Kids' Corner

Have kids tonight? Stop by the kid's station for snacks, coloring pages, and fun self-guided activities while you stroll around and learn more about the project.

Stay informed

We want to hear your feedback on the Draft Environmental Assessment today. Visit: <https://safersewardhighway.com/contact/>
